

Thank you for your interest in the Perlite Institute! With a changing economy and marketplace, any opportunity to put you ahead of the competition needs to be scrutinized and viewed seriously.

The Perlite Institute was formed in 1949. The purpose of the Institute is:

- To render service to the perlite industry and to promote the welfare and development of the perlite industry in all legal ways.
- To study engineering and other factory problems pertinent to the perlite industry, particularly with respect to improved methods of factory production, packaging, and quality testing of perlite products.
- To assist to the extent legally permissible in the development of standards for perlite products through research, practical test, and other available means, the application of which will aid in establishing a proper measure and quality in each of the perlite industry's products.
- To develop through research and promotional work new uses and markets for products of the perlite industry and to publicize and advertise the uses and merits of the products of the perlite industry.
- To the extent that it shall be lawful, to collect, consolidate, and disseminate accurate and reliable data, statistics, and information relating to the products of the perlite industry.
- To hold meetings from time to time for the advancement of the purposes of the corporation.
- To cooperate lawfully with other industries, technical societies, research organizations, and governmental agencies in matters affecting the foregoing purposes of the corporation.

There are many reasons to join the Perlite Institute! Some of them include:

Company listing on website
Product Guides for your use and distribution
Annual educational conference with top-notch speakers
Mid-year meetings in various locations for easy access to information
Research on health, environment and regulatory information
Technical research funded by the Institute
Automatic membership in the European Perlite Association
Updates on Standards, including ASTM, CEN and others
Invaluable networking with others in your field
Quarterly Publication

Won't you consider joining us today? Just complete the application form and return it to the Perlite Institute office to start benefiting from your membership!

Sincerely,

Denise R. Calabrese
Executive Director
