TYPES OF MEMBERSHIP

Regular membership is open to firms engaged in the expansion and sale of perlite products or involved in the mining, crushing and selling of perlite ore.

Regular membership is also open to companies actively producing or applying perlite products or engaged in the manufacture and sale of perlite expanding equipment.

Associate membership is defined as any individual, company, firm, corporation or other form of enterprise not otherwise eligible for "regular membership," engaged in the manufacture or supply of products using perlite, or used in conjunction with mining or packaging of perlite or perlite products.

Educator membership is open to individuals who are currently studying as a full time graduate or undergraduate, or employed, at an accredited institution. The individual must provide documentation verifying engagement at the institution.

Membership year spans from January 1 – December 31.
